Some threats to whales and dolphins

Do not approach

Dolphin's direction
of movement

- ✓ Length of observation limited to 30 mn, 15 mn if other boats are waiting
- ✓ Do not approach closer than 100 meters
- ✓ Keep your distance in case of new-born animals
- ✓ Do not try to touch or feed animals even if they come voluntary near the boat
- ✓ Do not suddenly change speed or direction
- ✓ Stop immediately any approach if animals attempt to move away from observers and are disturbed
- ✓ One boat at the time with a limited speed of 5 knots
- ✓ Sounders and sonars must be switched off to limit acoustic disturbance
- ✓ Keep a parallel trajectory to the animals
