Marine Protected Area "Capo Milazzo" - Comune di Milazzo

Comune di Catania

Città Metropolitana di Catania

Marine Protected Area "Isole Pelagie"

Koperattiva Nazzjonali tas-Sajd Ltd

Minister for the Environment, Sustainable Development and Climate Change of Malta

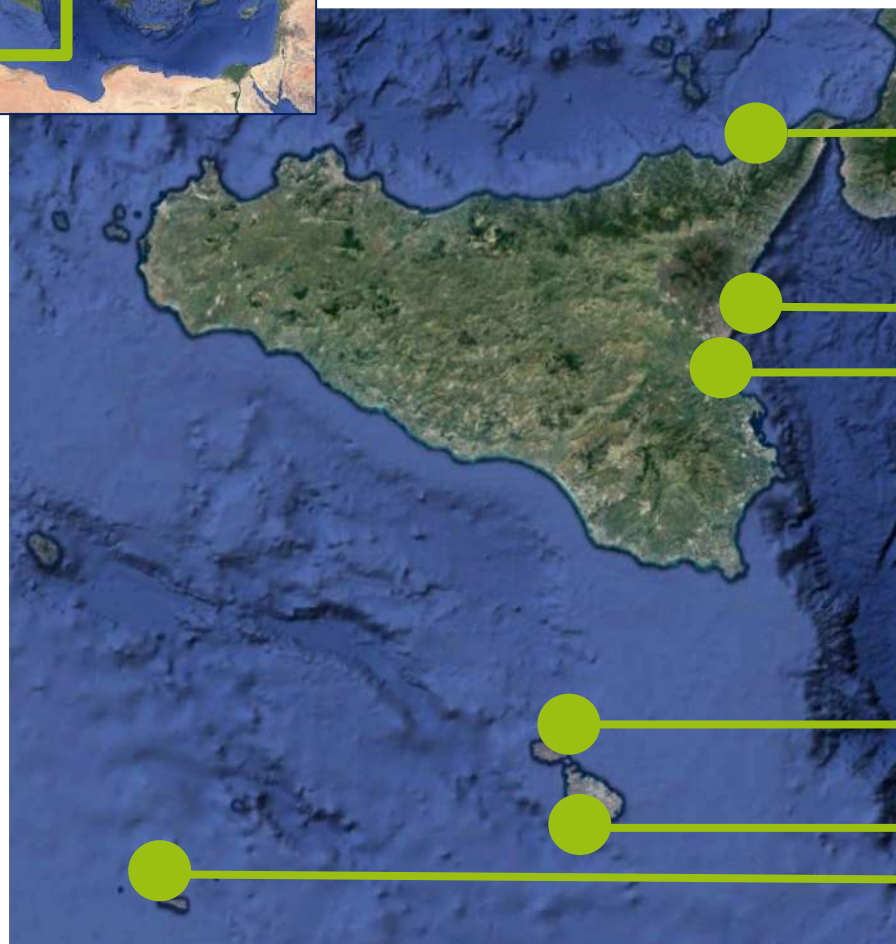

Ministry for Education and Employment of Malta

Specific objectives

1. Support Natura 2000 sites selected to save vulnerable species through research and effective mitigation measures;
2. Support local populations and visitors of Natura 2000 sites to better understand the richness and fragility of marine biodiversity needing to be preserved;
3. Involve relevant target communities into best participatory actions and services such as the Sentinels of the Sea service.
